Wear face mask with dust filter. Sweep up into a container and wipe up with a cloth dampened with disinfectant which should also be placed in the container. Seal the container. Wash cleaned area with disinfectant.
7. Handling and storage
Store in a refrigerator at 2 to 8°C when not in transit. Protect from light, raised temperature and humidity.
8. Exposure controls / Personal protection
In all cases a laboratory coat or coveralls should be worn.
Powder: Persons with known respiratory disorders (e.g. Asthma) should avoid inhalation of the powder. A dust mask and impermeable gloves should be worn.
In Liquid Form: Ingestion of liquid should be avoided. A suitable mask (aerosol) and impermeable gloves should be worn.
As a Spray: Ingestion and inhalation of aerosols should be avoided. A suitable mask (aerosol) and gloves should be worn. In addition a waterproof outer garment is recommended.
9. Physical and chemical properties*
Form: fine powder Colour: white Odour: distinctive
Boiling point: not applicable Flash point: not available
Solubility in water: 100% dispersible Density: 550g/litre
pH value: 6.8 (10g/100ml at 20°C)
10. Stability and reactivity
Decomposition temperature: >250°C formation of carbon monoxide possible.

11. Toxicological information

Normal healthy chicken gut flora (SPF). No toxic effect in the rat at 2000mg/kg.

12. Ecological information

Normal chicken gut flora (SPF). Low environmental impact.

13. Disposal considerations

Disposal of Waste:

Powder - All unused product should be disposed of by autoclaving or by incineration.

Liquid - All unused product should be treated with an approved disinfectant before disposal.

Container Disposal:

Wash out with disinfectant and dispose with normal farm waste.

14. Transport information

GGVSee/IMDG Code: -- UN No: -- MFAG: -- EmS: --

PG: -- MPO: --

GGVE/GGVS Class: -- No: -- RID/ADR: Class -- No. --

Warning sign: Hazard no. ---- Substance no. ----

ADNR: Class -- No. -- Cat -- ICAO/IATA-DGR: --

Declaration for land shipment: --

Declaration for sea shipment: --

Declaration for shipment by air: --

Other information:

Not dangerous cargo. Keep separate from foodstuffs.

15. Regulatory information*

No labelling is required for this material by the Chemicals (Hazard Information and Packaging for Supply) Amendment Regulations 1996 (CHIP 96) and corresponding EEC directives.

16. Other information*

Competitive Exclusion product for Chickens. This Health and Safety Data Sheet is supplied by the Company to a third party in order to fulfil its obligation under UK legislation.

The data given here is based on current knowledge and experience. The purpose of this Safety Data Sheet is to describe the products in terms of their safety requirements. These data do not signify any warranty with regard to the products properties.
